

COME GET SOME MONEY!!!

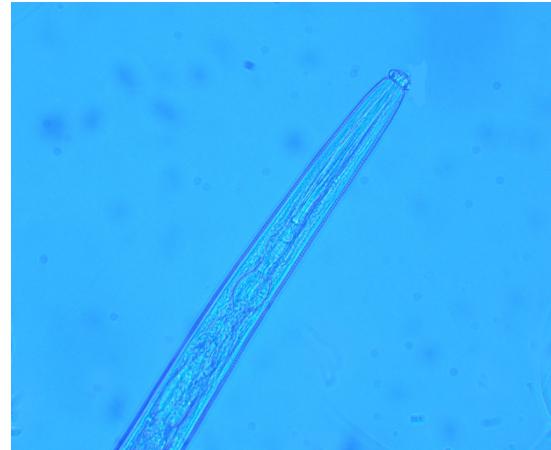

Study Interesting Creatures and Learn Greenhouse Management

Job Announcement: Laboratory Assistant in Landscape Nematology

The Crow Lab needs your help with solving problems and making discoveries.

Experience the wonderful world of nematology first-hand by learning and assisting in:

- Caring for Greenhouse plants
- Spotting for pests that we are not already growing for research
- Isolating and culturing species of troublesome nematodes on greenhouse plants
- Extracting nematodes from soil and plants
- OPS position up to 20 hours per week.
- Opportunity for future longterm employment.

Interested? Email Dr. Crow at wtcr@ufl.edu

Or, drop by and see Wade Davidson in Room 2225 Steinmetz Hall.
